SUMMARY

Frontend Developer with 1+ year of hands-on experience building responsive, high-performance web applications using React.js, Next.js, and TypeScript. Specialized in translating Figma designs into clean, reusable components with strong focus on performance, accessibility, and scalability. Experienced in API integration, state management, and collaborative development environments. Actively seeking a Frontend role where I can deliver real product impact.

TECHNICAL SKILLS

Languages:

- JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries:

- React.js, Next.js

Styling:

- Styled Components, Tailwind CSS, Bootstrap

Tools:

- Git, GitHub, Figma, REST APIs

Concepts:

- Responsive Design
- Component Reusability
- Accessibility (a11y)
- API Integration
- State Management

EXPERIENCE

Frontend Developer Intern

Cura Health Care

05/2025 - 03/2026

- Converted Figma designs into fully responsive React components with pixel-perfect accuracy.
- Integrated REST APIs to display dynamic data across multiple pages.
- Developed reusable and modular components to speed up development.
- Collaborated with senior developers in code reviews and UI/UX improvements.

JavaScript Instructor

OGS Company

08/2022 - 09/2022

- Taught core JavaScript concepts including variables, functions, loops, and DOM manipulation.
- Designed hands-on projects and quizzes to evaluate student progress.
- Mentored students during final graduation projects and presentations.

EDUCATION

Bachelor's Degree - Commerce

09/2021 - 06/2024

Higher Institute of Management and Computer Studies

PROJECTS

Plant Shop — Next.js

- Developed a high-performance plant e-commerce platform using Next.js, with a completely custom-coded UI built from scratch without any CSS frameworks.
- Built a seamless "App-like" mobile experience featuring custom bottom sheets, interactive overlays, and optimized drawer transitions.
- Implemented custom Skeleton Loaders to eliminate layout shifts (CLS) and utilized Context API for efficient, real-time cart management.

Taskeen — Next.js

- Developed a high-performance marketing landing page using Next.js.
- Implemented responsive layouts with Tailwind CSS following modern UI practices.
- Optimized structure for fast loading and smooth user experience.
